- as an investor who is withdrawing, you agree that any payment made according to instructions received by post, courier, email or fax, shall be a complete satisfaction of our obligations, despite any fact or circumstances such as the payment being made without your knowledge or authority.
- you agree that if the payment is made according to these terms you, and any person claiming on your behalf, shall have no claim against us with regards to such payment.

Withdrawal restrictions

Under the Corporations Act, you do not have a right to withdraw from the Fund if the Fund is illiquid. In such circumstances, you will only be able to withdraw your investment if Equity Trustees makes a withdrawal offer in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers.

The Fund will be deemed liquid if at least 80% of its assets are liquid assets (generally cash and marketable securities). In addition, should Equity Trustees be unable to realise sufficient assets to meet withdrawal payments, it may suspend the calculation of the NAV and withhold withdrawal proceeds.

The Constitution

The Fund is governed by a constitution that sets out the Fund's operation (the "Constitution"). The Constitution, together with the Fund's PDS, the Corporations Act and other laws, regulate our legal relationship with investors in the Fund. If you invest in the Fund, you agree to be bound by the terms of the Fund's PDS and the Fund's Constitution. You can request a copy of the Constitution free of charge from Equity Trustees. Please consider these documents before investing in the Fund.

We may amend the Constitution from time to time in accordance with the provisions in the Constitution and the Corporations Act.

Attribution Managed Investment Trusts ("AMITs")

The Constitution allows, where separate classes of units are on issue in respect of the Fund, for income allocation to take into account any impact of the currency overlay that may be in place for the respective classes. The quantum of the distribution is sought to be determined on a standalone basis. Prior to the AMIT multi-class election being made (as described below), the Fund is treated as a single taxpayer. As any separate classes of units would not currently be treated as separate taxpayers, it is possible under the current taxation regime that the tax character of distributions made to a particular class may be impacted by transactions associated with another class. The Constitution provides a mechanism to seek to minimise this outcome. Insofar as possible, where separate classes of units are on issue, the Constitution seeks to quarantine the income associated with a particular class to that class.

In May 2016, the Australian Federal Government enacted legislation establishing a new tax system for AMITs. Trusts that meet the eligibility criteria to be an AMIT may elect into the AMIT rules and the following will apply:

Fair and reasonable attribution: Each year, the Fund's determined trust components of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) will be allocated to investors on a "fair and reasonable" attribution basis, rather than being allocated proportionally based on each investor's present entitlement to the income of the Fund.

Unders or overs adjustments: Where the Fund's determined trust components for a year are revised in a subsequent year (e.g. due to actual amounts differing to the estimates of income, gains / losses or expenses), then unders and overs may arise. Unders and overs will generally be carried forward and adjusted in the year of discovery.

Cost base adjustments: Where the distribution made is less than (or more than) certain components attributed to investors, then the cost base of an investor's units may be increased (or decreased). Details of cost base adjustment will be included on an investor's annual tax statement, referred to as an AMIT Member Annual Statement ("AMMA").

Large redemptions: In certain circumstances, gains may be attributed to a specific investor, for example, gains on disposal of assets to fund a large redemption being attributed to the redeeming investor.

Multi-class AMITs: A choice is available to elect to treat separate classes of units as separate AMITs. Equity Trustees is intending that the AMIT multi-class election be made in respect of the Fund.

Penalties: In certain circumstances (e.g. failure to comply with certain AMIT rules), specific penalties may be imposed.

The new rules are intended to reduce complexity, increase certainty and reduce compliance costs for managed investment trusts and their investors.

Anti-Money Laundering and Counter Terrorism Financing ("AML/CTF")

Australia's AML/CTF laws require Equity Trustees to adopt and maintain an AML/CTF Program. A fundamental part of the AML/CTF Program is that Equity Trustees knows certain information about investors in the Fund.

To meet this legal requirement, we need to collect certain identification information and documentation ("KYC Documents") from new investors. Existing investors may also be asked to provide KYC Documents as part of a re-identification process to comply with AML/CTF laws. Processing of applications will be delayed or refused if investors do not provide the applicable KYC Documents when requested.

Under the AML/CTF laws, Equity Trustees is required to submit regulatory reports to AUSTRAC. This may include the disclosure of your personal information. Equity Trustees may not be able to tell you when this occurs.

The Responsible Entity and the Investment Manager shall not be liable for any loss you may suffer because of compliance with the AML/CTF laws.

Indirect Investors

You may be able to invest indirectly in the Fund via an IDPS by directing the IDPS Operator to acquire units on your behalf. If you do so, you will need to complete the relevant forms provided by the IDPS Operator. This will mean that you are an Indirect Investor in the Fund and not an investor or member of the Fund. Indirect Investors do not acquire the rights of an investor as such rights are acquired by the IDPS Operator who may exercise, or decline to exercise, these rights on your behalf.

Indirect Investors do not receive reports or statements from us and the IDPS Operator's application and withdrawal conditions determine when you can direct the IDPS Operator to apply or redeem. Your rights as an Indirect Investor should be set out in the disclosure document issued by the IDPS Operator.

Information on underlying investments

Information regarding the underlying investments of the Fund will be provided to an investor of the Fund on request, to the extent Equity Trustees is satisfied that such information is required to enable the investor to comply with its statutory reporting obligations. This information will be supplied within a reasonable timeframe having regard to these obligations.

Common Reporting Standard (“CRS”)

The CRS is a standardised set of rules developed by the Organisation of Economic Co-operation and Development that requires certain financial institutions resident in a participating jurisdiction to document and identify reportable accounts and implement due diligence procedures. These financial institutions will also be required to report certain information on reportable accounts to their relevant local tax authorities.

Australia signed the CRS Multilateral Competent Authority Agreement and has enacted provisions within the domestic tax legislation to implement CRS in Australia. Australian financial institutions need to document and identify reportable accounts, implement due diligence procedures and report certain information with respect to reportable accounts to the ATO. The ATO may then exchange this information with foreign tax authorities in the relevant signatory countries.

In order to comply with the CRS obligations, we may request certain information from you. Unlike FATCA, there is no withholding tax that is applicable under CRS. However, penalties may apply for failing to comply with the CRS obligations.

Foreign Account Tax Compliance Act (“FATCA”)

In April 2014, the Australian Government signed an intergovernmental agreement (“IGA”) with the United States of America (“U.S.”), which requires all Australian financial institutions to comply with the FATCA Act enacted by the U.S. in 2010.

Under FATCA, Australian financial institutions are required to collect and review their information to identify U.S. residents that invest in assets through non-U.S. entities. This information is reported to the Australian Taxation Office (“ATO”). The ATO may then pass that information onto the U.S. Internal Revenue Service.

In order to comply with the FATCA obligations, we may request certain information from you. Failure to comply with FATCA obligations may result in the Fund, to the extent relevant, being subject to a 30% withholding tax on payment of U.S. income or gross proceeds from the sale of certain U.S. investments. If the Fund suffers any amount of FATCA withholding and is unable to obtain a refund for the amounts withheld, we will not be required to compensate investors for any such withholding and the effect of the amounts withheld will be reflected in the returns of the Fund.
